DETAILED ACTION

Election/Restrictions

1. The Examiner acknowledges the applicant withdrawal of claims 7 and 8.

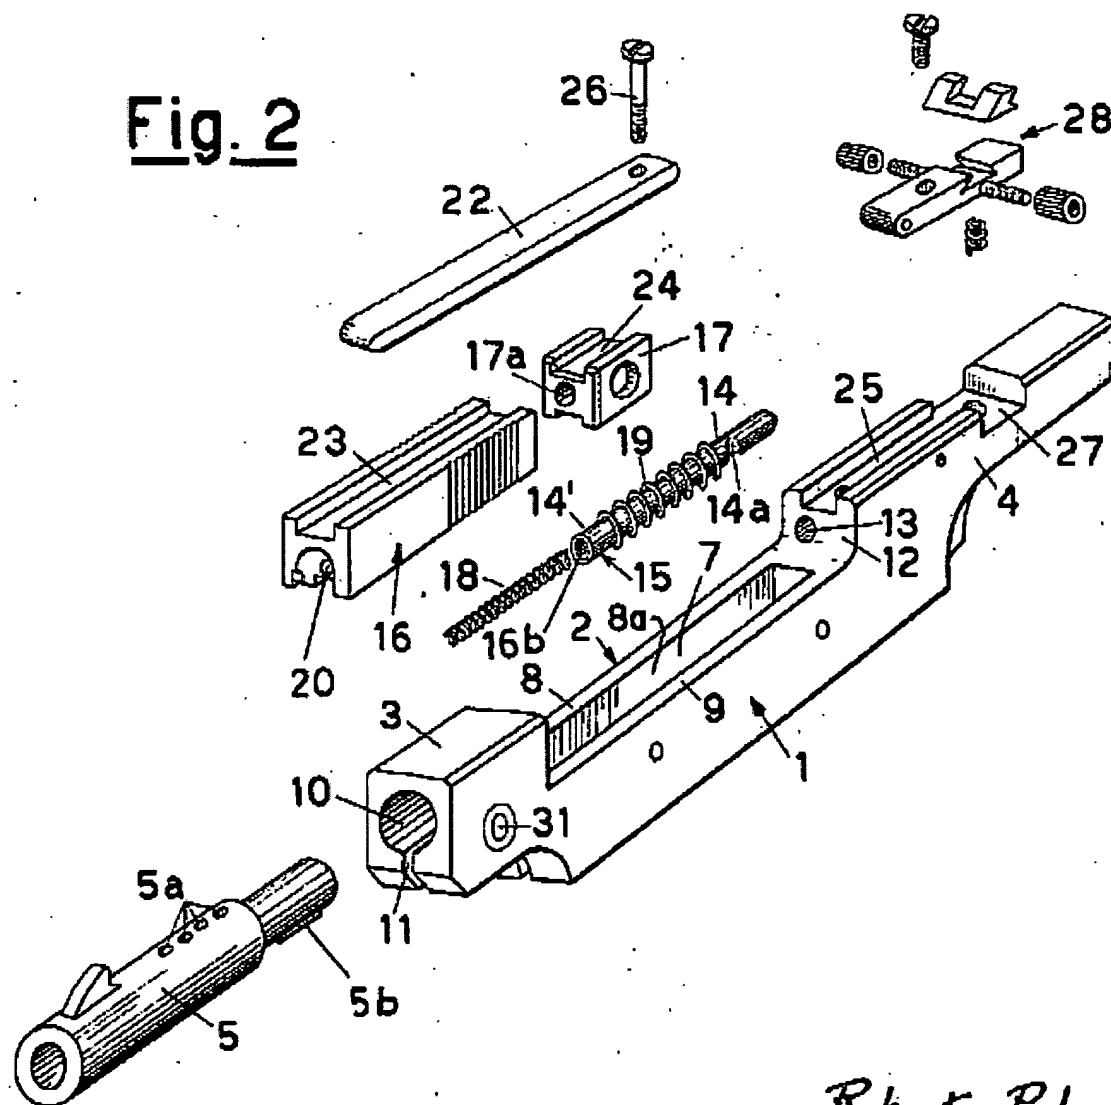

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

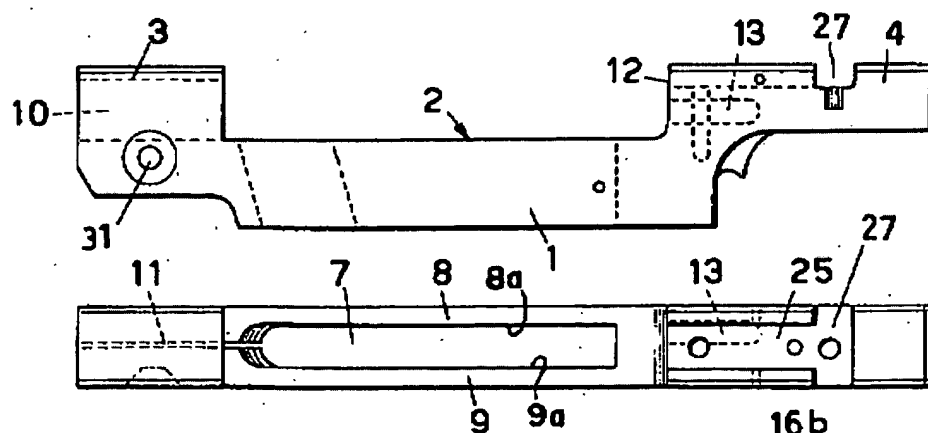

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 2 and 5 are rejected under 35 U.S.C. 102(b) as being anticipated by US 3711980 issued to Palama. Palama discloses a receiver for a firearm as shown below.

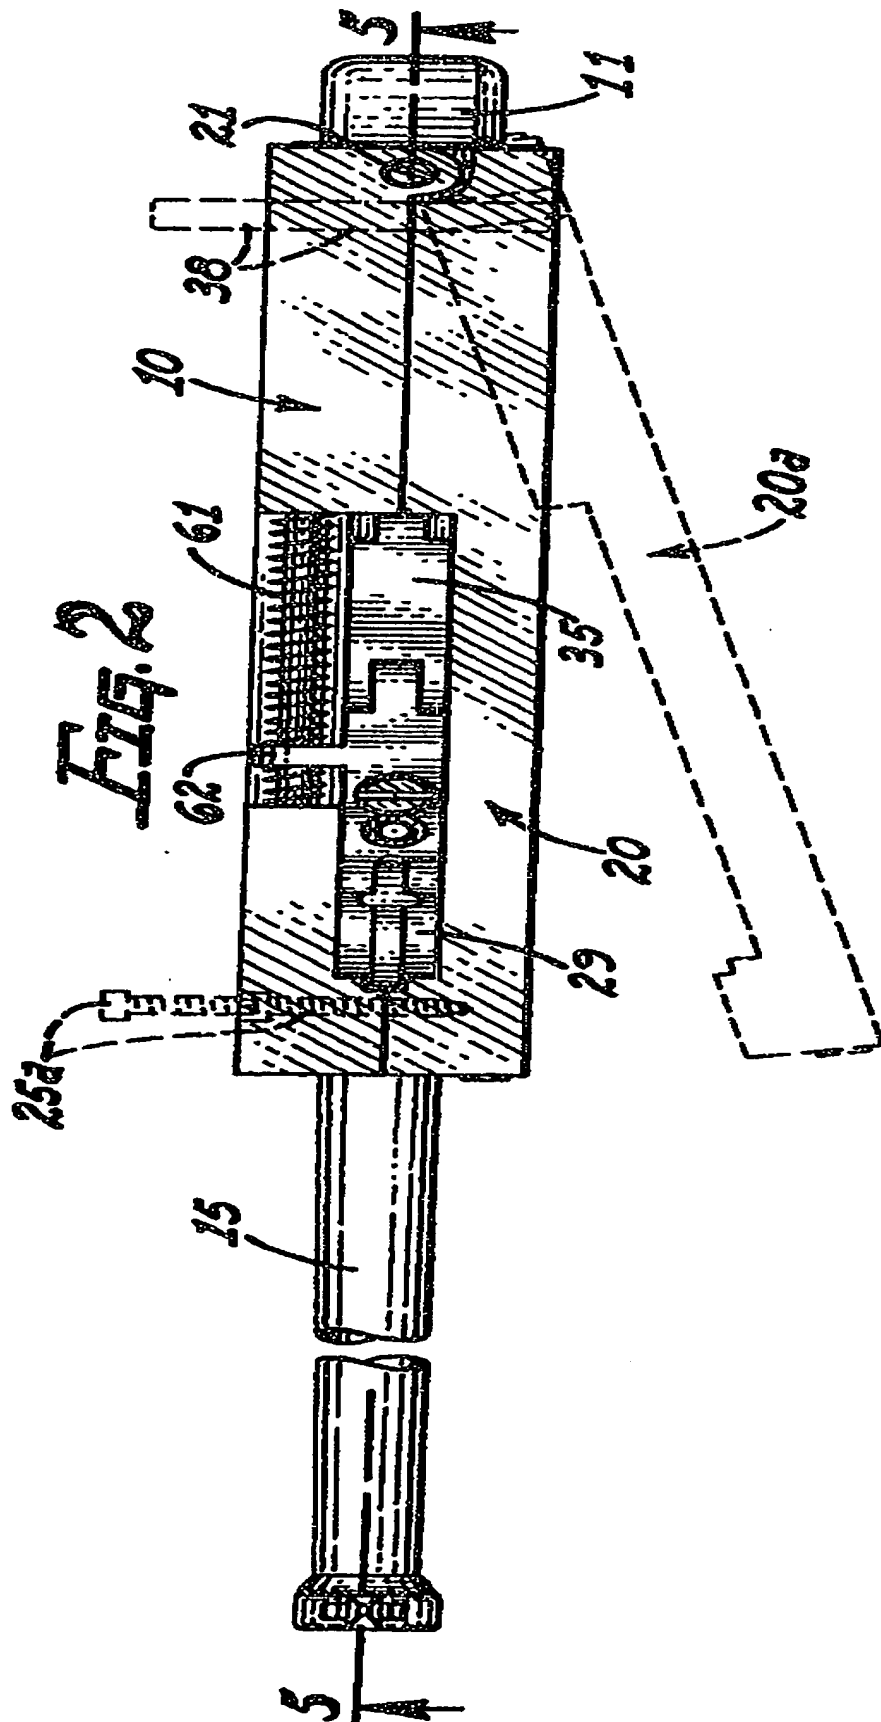

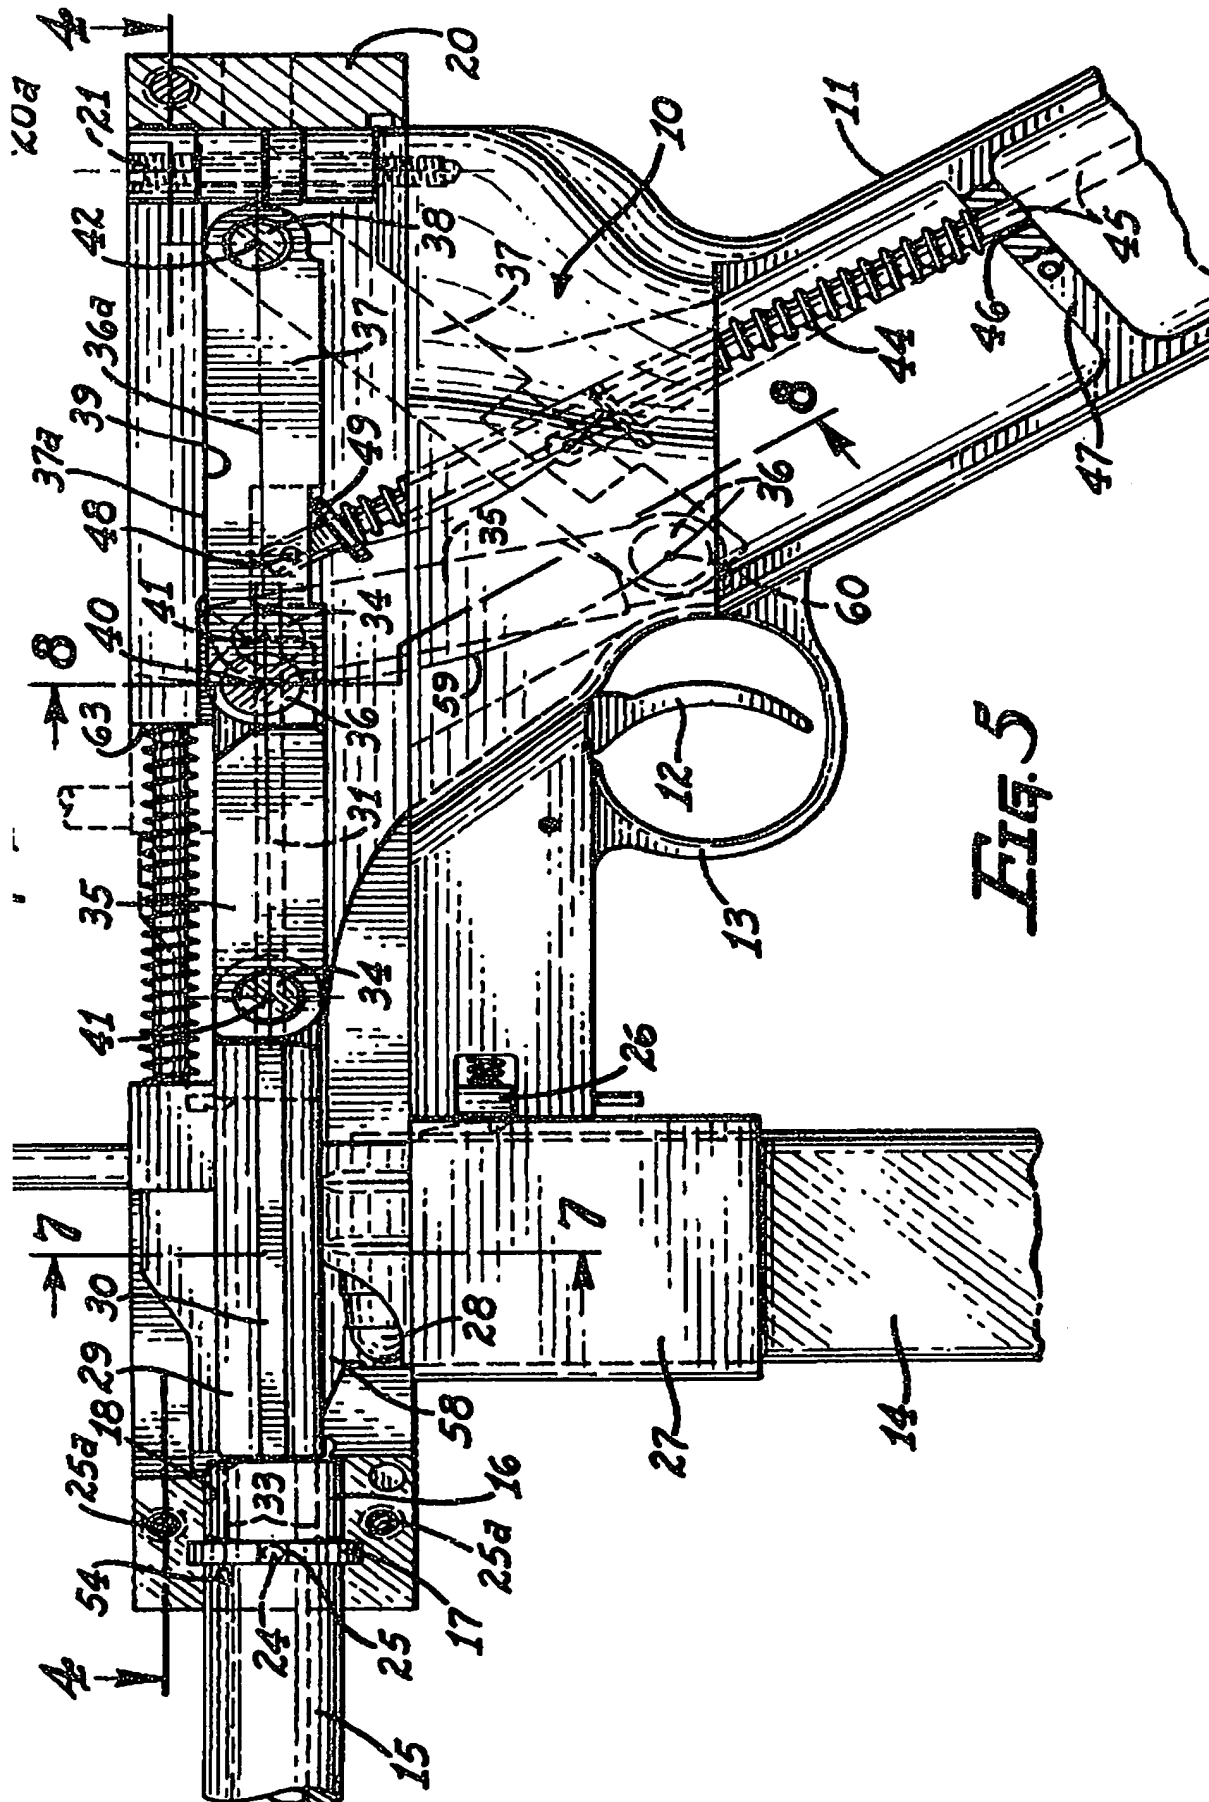

R. L. R. P. I.

Art Unit: 3641

4. Claims 1, 2 and 5 are rejected under 35 U.S.C. 102(b) as being anticipated by Canadian Patent 925334 issued to Perrine. Perrine discloses a firearm as shown below.

Response to Arguments

5. Applicant's arguments filed 05/08/06 have been fully considered but they are not persuasive. Applicant has amended the claims to require the front recess to have an at-rest dimension smaller than the outer dimension of the barrel or barrel extension that it is sized to receive. However, the applicant should have been more specific as to what "dimension" or "outer dimension" is being referred to. Specifically, the front recess and barrel each have longitudinal dimensions. And, it is clear from the drawings that the outer longitudinal dimension of the barrel is greater than the longitudinal dimension of the front recess.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
